**They are the
galaxy's most elite
fighting force.**

And as the battle against the Empire rages, the X-wing fighters risk life and machine to protect the Rebel Alliance. Now they must do the impossible: capture a hostile, fortified world - on their own.

While the Alliance fleet mounts a major campaign against a deadly warlord, Ysanne Isard has seized control of Thyferra, intending to use its precious supply of bacta to destabilize and destroy the New Republic. It falls to Rogue Squadron - undermanned, deprived of Alliance support and even weapons - to oppose Isard's dangerous designs, defeat her powerful complement of Star Destroyers, and free Thyferra from her iron rule. But when Isard discovers the Squadron's secret base, its ragtag group of pilots must scramble for survival in a winner-take-all battle against Isard's overwhelming and seemingly superior force.
